BRIEF

Create a unique folded piece promoting Lawton to potential clients using provided copy. Our theme celebrates our 80th anniversary with the focus being our tagline "Lawton—for 80 years, the company you trust."

PROJECT GOALS

The piece will be used to reinforce that partners with clients to achieve their company and marketing goals using targeted, data driven solutions. The Design should stand out, be aesthetically pleasing, and tell our clients how Lawton can help find solutions to their individual market needs. It will be distributed to clients, present and potential, as a leave-behind piece.

PROJECT SPECIFICATIONS

Students will create a 2-sided, 28" x 5.5" (flat size) piece, that folds up into a 5.875" x 5.5" rectangle (finished size). It will be printed on the HP Indigo 10000 in 4-color process using 80# uncoated cover stock. It will be possible to add bleed if it is needed to help execute your design. Please design with .125" of bleed on all sides. Design may be done vertical or horizontal, student's choice.

Lawton will set up an InDesign template you can use for the project that will be available on our website:
